FOREWORD

Highlights of 1978-79

This report covers insurance activity in Colorado for the calendar year 1978 as far as company statistics are concerned and the fiscal year from July 1, 1978 through June 30, 1979 for the Insurance Division operations.

Awareness of the functions and public service aspects of the Insurance Division continues to grow. This has, in part been due to the momentum created by the Sunset review in 1977 and 1978. However, the ability to render the service and fulfill all the desired functions has not kept pace due to budgetary limitations. All employees have worked harder, longer and more effective, but this has not offset the increased demands.

The requests for public help continue to increase. In the Property and Casualty Section each quarter has seen an increase of 16% to 17% over the previous quarter. Major increases also occurred in requests for help in automobile insurance non-renewal and individual premium increase cases and the projection for 79-80 is even greater. At the close of the fiscal year, more hearings were scheduled for the first three months of the new fiscal year than in the entire preceding fiscal year.

Requests for help in the Life and Accident and Health fields were up 26% over the previous period.

PREMIUM TAXES, LICENSES AND FEES collected and placed in the Colorado General Fund were up 12.8% to a total of $35,033,518.

APPROPRIATED AND EXPENDED FUNDS amounted to $1,061.305. This was 3% of funds collected, or an increase of 4% over the past year. Travel funds were inadequate to maintain the needed schedule of out-of-state travel for rate and financial examinations. They were inadequate to utilize the number of authorized Rate Examiners. As a result, four of such authorized positions were not filled as the additional authorized personnel could not be effectively utilized without out-of-state travel.

The appropriation made by the General Assembly in the spring of 1979 reduces the authorized number of employees by six and only increases operation funds by $3,060 to $55,067 which will seriously limit the ability of the Division to render the desired level of service to the public.

COMPANIES LICENSED increased 27 over the previous fiscal year. The total of 1,297 is as follows:

Number of Companies regulated as of June 30, 1979:

Type of Company	Domestic	Foreign	Total
Multiple Line	6	451	457
Fire	3	2	5
Casualty (Including State Comp.)	8	39	47
Life (Including Accident and Health)	27	544	571

County Mutual Protective Associations	5	--	5
Nonprofit Hospital, Medical and Dental Service Corporations	4	--	4
Health Maintenance Organizations	5	--	5
Captive Insurance Companies	25	--	25

Total	185	1,112	1,297

DIRECT PREMIUMS EARNED on Property and Casualty insurance in Calendar year 1978 increased 15.28% over 1977. This was due only in a small part to rate increases. It was due more to the increased values insured and the increased number of policies in force.

DIRECT LOSSES INCURRED by Property and Casualty carriers increased 26.68%. The loss ratios varied from 48.98% for County Mutuals to 85.34% for reciprocals. Over-all loss ratios for all property and casualty business combined amounted to 65.42%, up from 56.63% the prior year.

For details of premiums earned and losses incurred, see Table on page xv.

LIFE INSURANCE IN FORCE in Colorado continues to grow, reaching a new high of $39½ Billion. This is a 16% increase in 1978 over 1977.

LICENSING OF AGENTS, BROKERS AND AGENCIES saw important changes in 1978-79. Two laws had an important impact. Effective July 1, 1978 all newly issued, or renewed licenses expire on January 1 of the second year following the date of issue. This is, in effect, a two calendar year license. As of January 1, 1979, agents are no longer licensed for each company, but carry a license or licenses for the line or lines they are qualified to write. Companies must then file with the Division the names of licensed agents authorized to represent them. Thus, the agent no longer need carry numerous licenses, one for each company represented. All of this caused a complete revision of the computer program for license issuing and resulted in the usual volume of problems resulting from computer program revision. However, the result is a program which can now be used effectively by the other licensing agencies and boards of the Department of Regulatory Agencies.

DISCIPLINARY ENFORCEMENT in 1978 resulted in 59 hearings held on agents, agencies, and companies. Nine agents· licenses were suspended or revoked. Two were surrendered in lieu of hearing. $9,200 in monetary penalties were assessed as a result of hearings. $9,950 in penalties were assessed against companies for late payment of premium taxes.

NEW OR REVISED REGULATIONS were promulgated as follows:

I. Revision of or amendment to existing regulations:

72-3 7/1/79	Concerning Title Insurance. Completely revises the prior regulation.
74-19 7/1/79	Relative Value Schedule for No Fault. In an effort to update the relative value schedules and to keep them up to date, adopts the schedules used by the Division of Workmen's Compensation of the Colorado Department of Labor.
74-20 8/1/79	Auto Accident Reparations Act (No Fault) Interpretive Guidelines. This is an amendment to reflect a judicial interpretation of 10-3-707(4). It amends only a part of 74-20, and gives an example of its application.

II. New Regulations:

78-1 7/1/79	Minimum Loss Ratio for Medicare Supplemental Sickness and Accident Policies. Sets a 60% minimum loss ratio and reporting requirements.
78-2 7/1/79	The Comparison and Disclosure Forms for Medicare Supplemental Sickness and Accident Policies. Establishes minimum information which must be included in such disclosure forms.
78-4 7/1/79	Purchase and Sale of Exchanged Call Options by Insurers. Defines Call Options Exchange and other terms related to such transactions. Establishes procedures, limitations, record keeping requirements and other requirements for domestic insurers to follow.
78-6 7/1/79	Guidelines for Coordination of Benefits. Adopts as regulation, with minor changes, the COB guidelines for group insurance which have been in use in Colorado for several years. Of particular importance is Guideline 13 which prohibits individual or non-group COB and also prohibits exclusion in such policies of benefits which are or could be payable under workmen's compensation.
78-7 9/1/79	Concerning Dependents' Social Security Benefits for Disability, Sickness and Accident Insurance Policies. Restricts companies from putting a provision in this type of policy which would decrease the benefits of the policy by reason of Social Security payments.
78-8 7/1/79	Unfair Claims Settlement Practices. Precludes making payments for first party claims payable to other than the insured without the insured's written authorization.
78-9 7/1/79	Renewal of Automobile Insurance Policies Containing Named Driver Exclusion. Requires specific prominent notification of such exclusion.
78-10 7/1/79	Comparison of Automobile Insurance Policies. Requires certain disclosures at time of issue of policies. (See also House Bill 1510 which supercedes this regulation.)
78-12 7/1/79	Agent Fiduciary Responsibilities. Establishes rules and clarification of agent's responsibilities in handling funds under the law.
78-14 7/1/79	Definition of Inland Marine Insurance. Adopts the NAIC standard definition.
78-16 7/1/79	Definition of "Complications of Pregnancy" for use in Accident and Health Insurance.
78-15 8/1/79	Concerning Custodial and Safekeeping Agreements. Sets forth minimum conditions under which domestic insurance companies may place securities they own under custodial arrangements and establishes rules relating thereto.
78-17 8/1/79	Concerning Salvage and Subrogation. Restricts an insurance company from taking credit for salvage or subrogation until it actually receives cash for the sale of the salvage or aware of subrogation decision in its favor.
